Solar Ownership with a Sungage® Solar Loan: A Perfect Combination

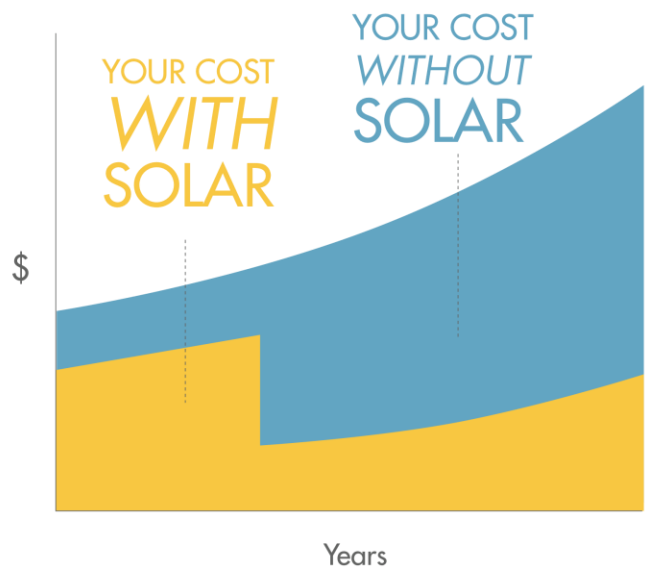

- Ownership with a Sungage® Solar Loan means low monthly payments and significant long term savings
- You retain all available incentives
- The system can pay for itself with the money that you save on your utility bill

“When we crunched the numbers, the fact that with Sungage you could pay it off faster and not spend more per month than the utility was most important.”

- Justin K

Do Nothing? You'll Pay More.

*Estimates assume annual utility cost escalation of 3% and Tax Credit Loan is paid off when due.
